What are they running toward?

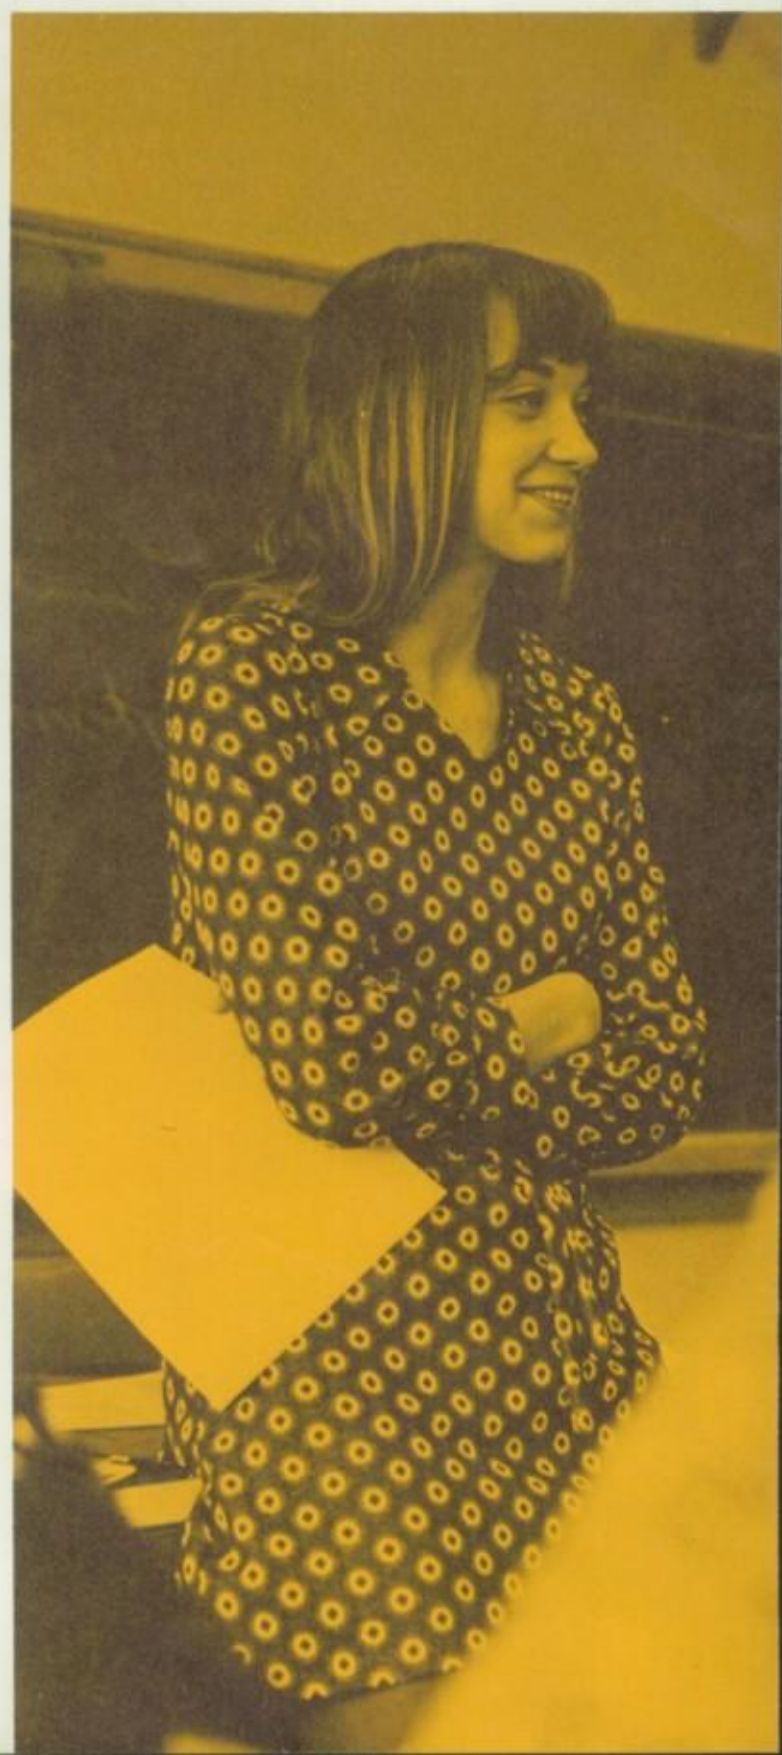

Are they hopeless or just weary?

Why is there restraint?

Is there any refuge?

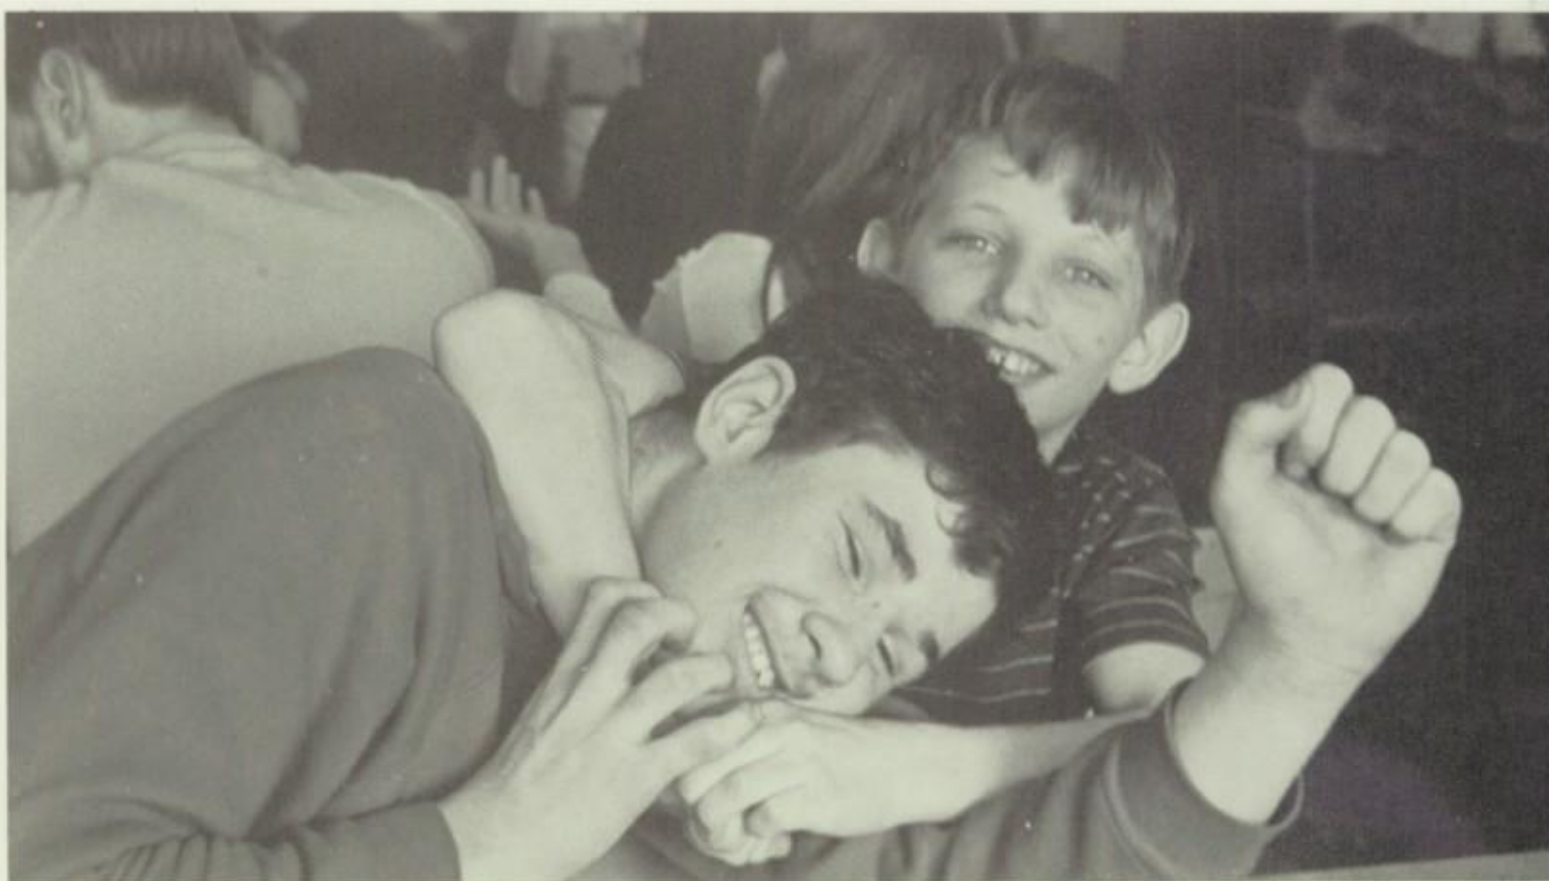

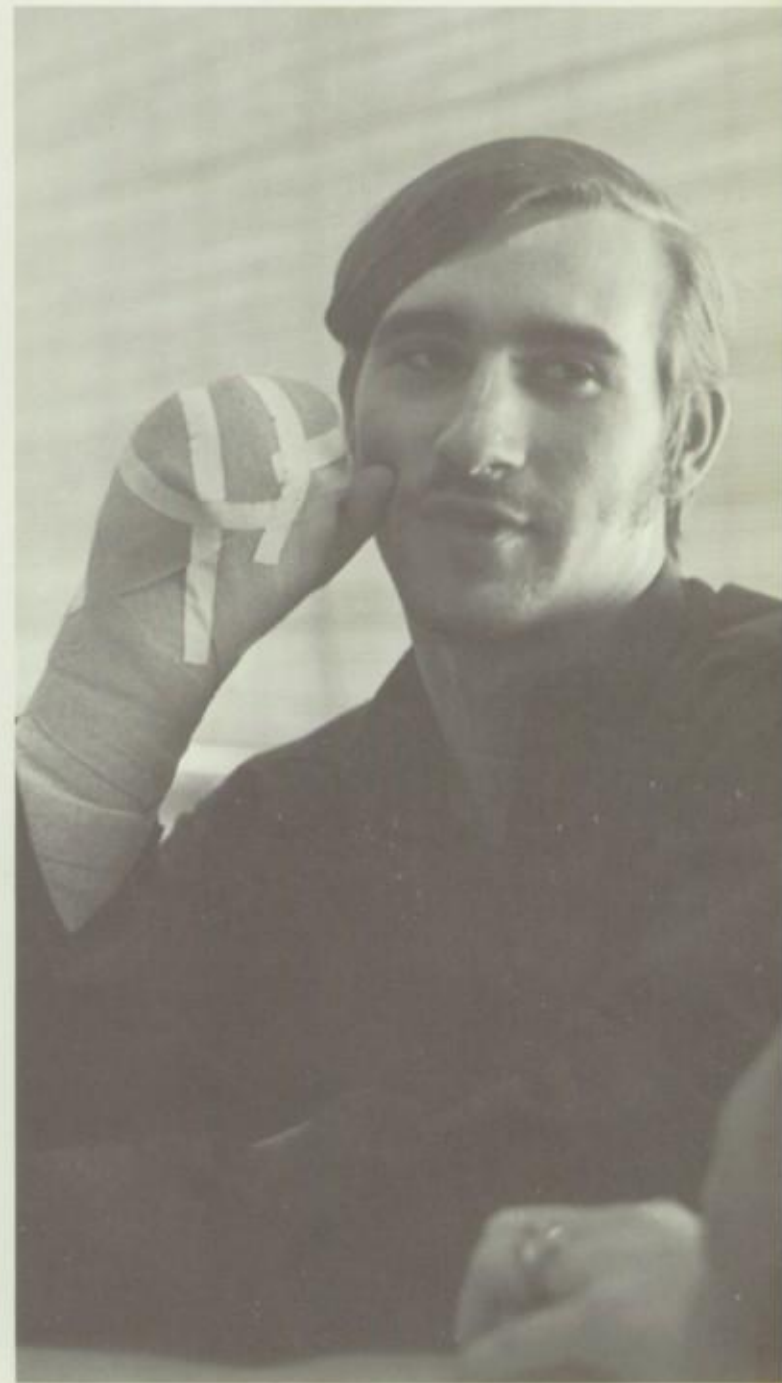

Floating, never quite knowing
where we'll light.

Awakening of the mind,
only to find an error.

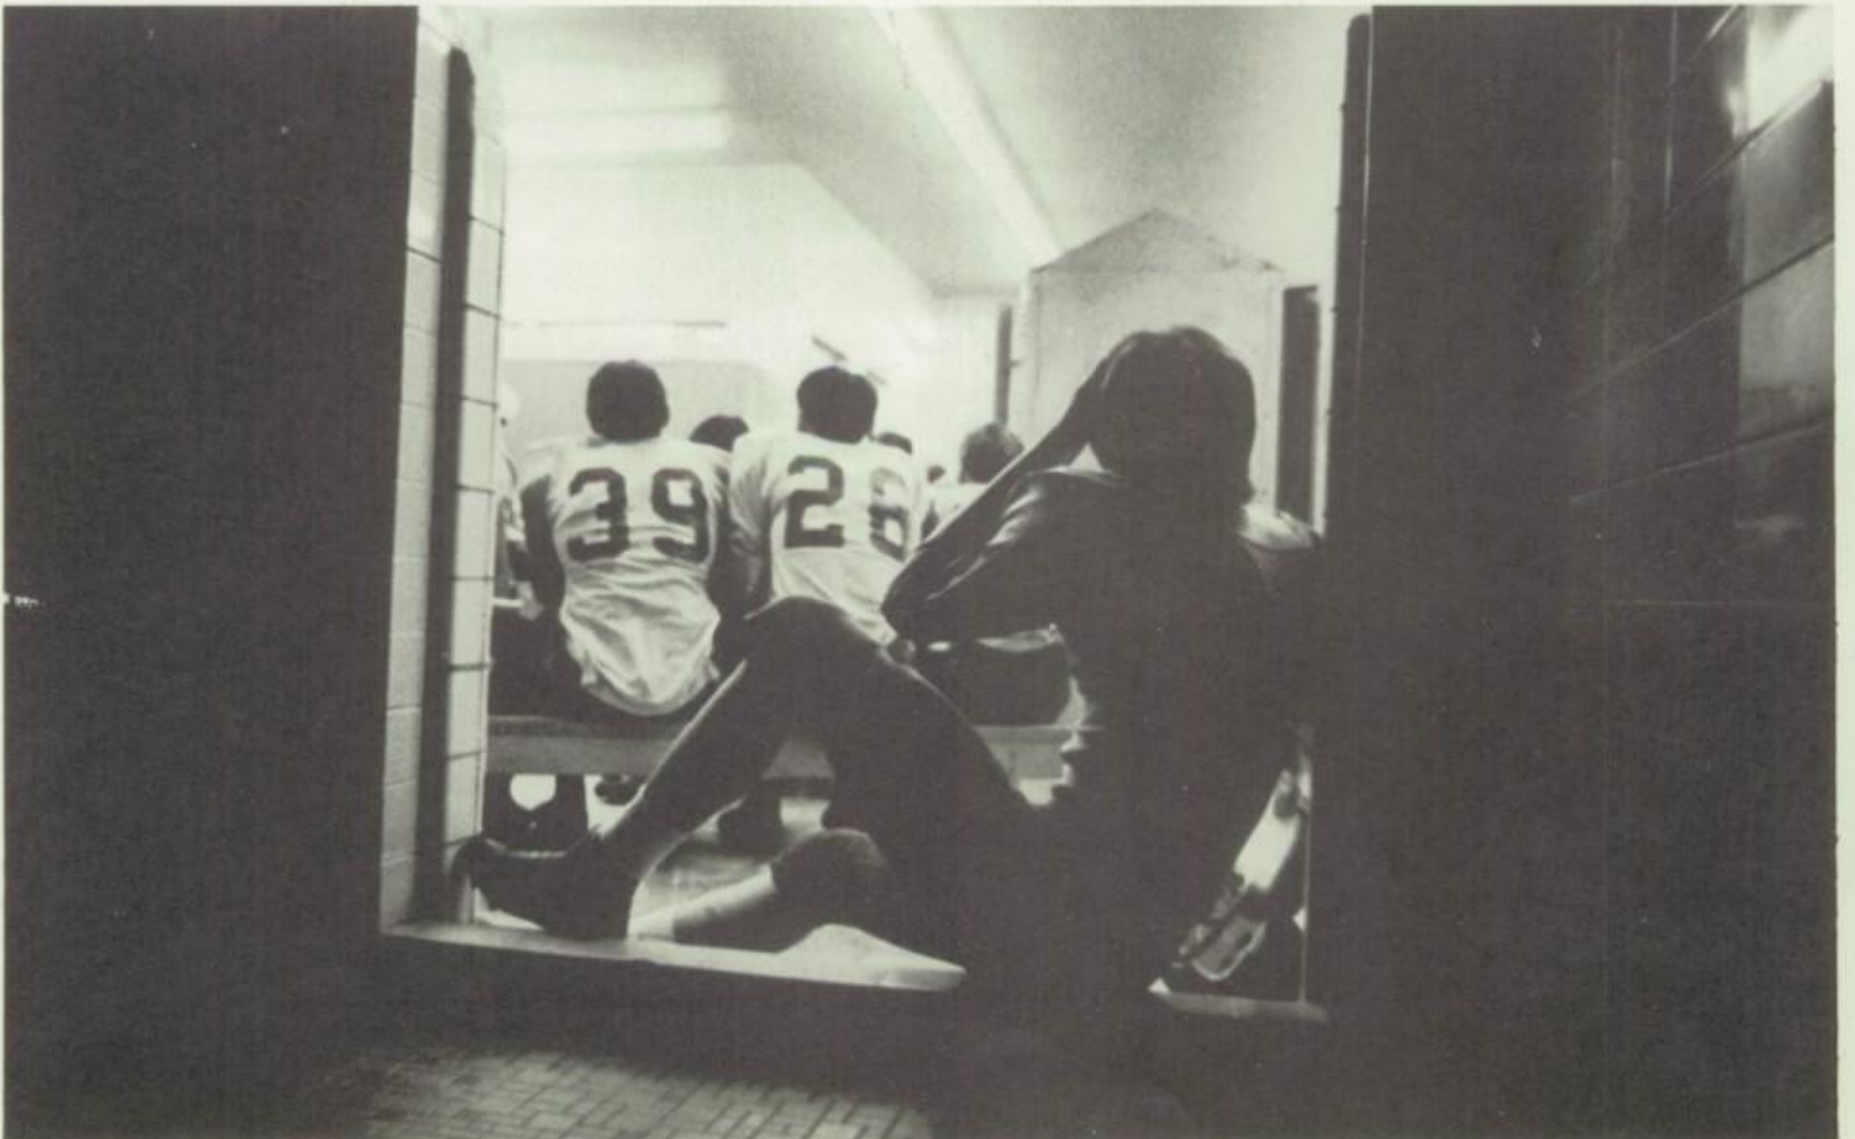

the tomfooler
the upright
the companion ...
people to remember

moment of joy
temporary repose
... forever changing

Men say they know many things;
But lo! they have taken wings,
The arts and sciences,
And a thousand appliances;
The wind that blows
Is all that anybody knows.

ADMINISTRATION

Supervising Principal

Albert Troiano

TO THE CLASS OF 1971

The Townsville School District releases the Senior class to have them seek their varied paths to the future. The School Board, educators, and auxiliary employees have provided an educational experience during your school years. Now, you are going to put the value of this experience to the ultimate test. You are going to demonstrate how well we have prepared you for your future.

From my observations, you are the best prepared group of students to graduate from the Townsville Schools. In addition you can compare favorably with graduates from any other public school. You have demonstrated the ability to assume responsibility, organize programs, achieve academically, and conduct yourself in a highly sophisticated manner. You have developed pride in yourself and in the adults responsible for your education.

I feel confident in your future you will achieve success which will reflect the faith, efforts, and good wishes of the faculty.

I extend a hearty congratulations upon reaching this final stage of your public school career, and I wish you the utmost success in your future endeavors.

Supervising Principal

"TO THE CLASS OF 1971"

Today, in these United States, we are saying that anyone can become President or that anyone can govern a large corporation. But, what most young Americans seem to forget is that they have to want to hold the reins of leadership; they have to have the desire, the will, and the responsibility to lead. Take a look at life today and you will find that the future for you holds a mass society, and you have one of two choices to make: you can stand off and take a good look at "the society," or you can get involved and be motivated by your self-desire to be somebody. There is one important requirement if you are to make a meaningful decision. It is to behold the quality men most admire, "courage."

In our United States, there are great acts of courage going on every day. Probably few of them you take time to realize: in parents compassionately and patiently raising a handicapped child; in the eyes of one physically blind, "seeing" beauty in his world of darkness; in the heart of a young man just returned from Vietnam who has risked life or limb and yet never once doubted his contribution to freedom. This type of courage is being displayed by many Americans.

So the challenge to you as an individual and as a group of students is - will you display a greater courage and stand up for convictions or will you be one of ones to stand back and let the nation evolve around you, sometimes receiving - never contributing.

Consider the auk;
Becoming extinct because he forgot how to fly, and could only walk.
Consider man, who may well become extinct
Because he forgot how to walk and learned how to fly

Student Council

Gov.: T. Shreffler
 Lt. Gov.: R. Peters
 Sec.: M. Davison
 Treas.: S. Mehalko

Student council is the students' government. It gives the students an opportunity to work together and experience a government in action. Council acts as the communication between the administration and the students to voice ideas and opinions. Throughout the year, council focuses on school and community improvements. Council is trying to overcome ancient practices and to overcome this "dog eat dog" society.

Varsity Club

Jackets, Letters and Sweaters! Selling coke, popcorn and candy! Besides playing football, basketball, wrestling, volleyball, golf and track, these are some of the activities of a varsity letterman. To be a Townville letterman, one must have dedication to the sport and the "guts" to be a true athlete. All athletes have got to learn that he must earn more than his letter, he must first earn respect from his fellow athletes.

F.T.A.

The meeting comes to order and the new business is brought to discussion. Teacher substitutions, tutoring, correcting papers, hat and coat check, these are just a few of the service projects conducted by FTA. The feature of the club this year was to evaluate various school systems by visiting for one day and sitting in on classes. While the students are learning on their own accord they are also gaining insights into their future profession.

National Honor Society

Scholarship, character, leadership, and service are the main qualifications for membership in the National Honor Society. This means more than good grades and important friends, it means wisdom, talent and discrimination. The N.H.S. was formed to give these intellectual young adults the recognition they deserve.

ROW 1: M. Spratt, J. Foster, M. Davison, S. Alexander, C. Prichard, R. Armstrong, V. Castile

Drama Club

There are few arts closer to the people than drama. It is a form of expression which depends largely upon communication from a playwright to an audience through the medium of actors. To achieve this communication it takes good actors, experienced advisors, and creative individuals behind the scenes. The drama club was organized to give dramatically interested students a part in this type of communication.

Newspaper Staff

Cartoons, news, pictures, interviews, feature stories, and editorials are combined to form "The Crusader," Townville's new and informative newspaper. The journalism class has taken on jobs as cartoonists, reporters, and writers, all which are essential in creating a newspaper. They are appreciative of all the support the student body, administration, and school board has given them in the production of this paper, and in the future, will be working to get the news to you, clear and concise.

Pep Band

At our home basketball games an unusual amount of noise was often heard coming from one of the corners. This extraordinary sound be it "The Star Spangled Banner" or other more recent tunes, supported our team on the home court this year through the efforts of the students who volunteered their time and musical talents to the pep band. Surely it was a privilege for Townville to have this band which filled the gym with an atmosphere of spirit, determination, and victory!

Marching

A good marching band adds spirit to a football season. Our band not only succeeded in supporting our team, but also successfully represented our school in many marching events in and around the county. The band has steadily improved under the direction of the dynamic Alan Amy since his arrival at Townville last year. Mr. Amy led the band in a long, strenuous season from midsummer through fall to present marching performances which gave Townville High a good reason to be proud of its band.

1st Place - Titusville, Waterford, Union City

3rd Place - Halloween Parade - Meadville, Competition which included most high school bands in the county.

ACTIVITIES

Being invited to the Honors Banquet has been deemed an honor and a privilege. This banquet is held every year to give recognition to those students who have achieved highly in academic endeavors. It is the only honor of its kind that Townville students have to strive for.

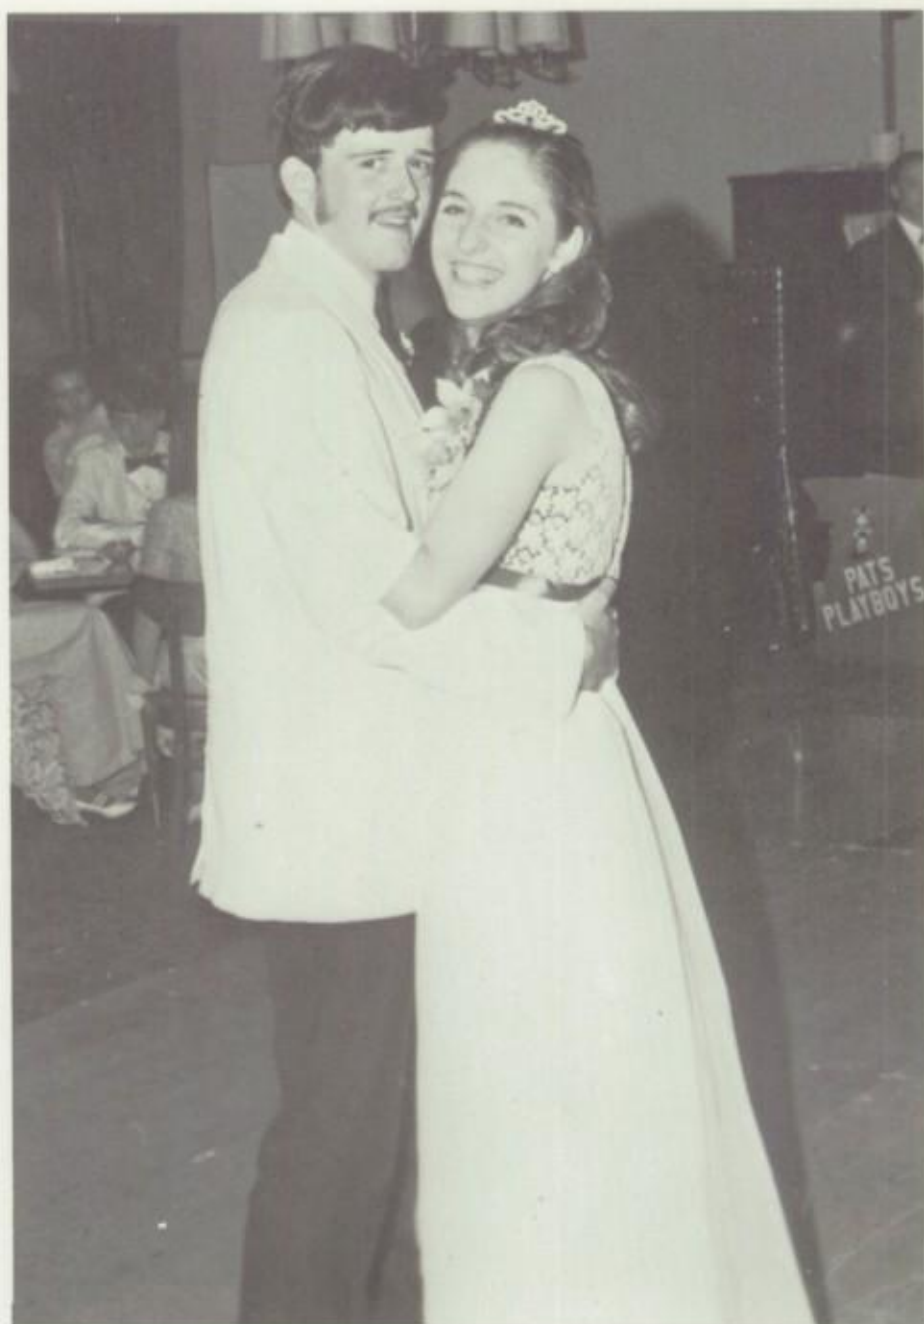

1970 Honors Banquet

Junior-Senior Prom

The one special night of the year when everyone and everything turns into something beautiful. The moon shines very brightly and the roses are in full bloom. All of the beautiful ladies in their gowns and the handsome gentlemen in their tuxedos go dancing. This is a time when Juniors, Seniors and members from past senior classes get together to be with friends. This is a prom that will always be remembered by the Jr. Class that put forth so much effort to make it perfect, and by the Seniors as one of the beautiful memories of high school. "Moonlight and Roses" A beautiful theme for a beautiful prom.

Homecoming 1970

The evening of September 25 is a night that will be remembered by many. The night was highlighted by two prominent events, Homecoming 1970, followed by the Townville Eagles battling with the Conneaut Valley Indians in the first league game of the season. That night was a turning point for all memories, a time when the reigning queen would relinquish her crown to her successor. The crowd was filled with anxiety of the game and in wonderment of the new queen. At last, Marilyn Davison was crowned Homecoming Queen for 1970, and the mighty Eagles began the season with a victory.

Drama Club

Play

Tragedy, comedy, vaudeville, harlequinade, buffoonery, The dramatical feat taken on by Townville's drama club are practiced, organized and prepared to form a unified production to be presented to the community. Recently they presented "If A Man Answers." In the future they plan to perform some one act plays that will appeal to the student body. Whatever they do, the work it takes to prepare a play is well worth whatever applause it gets.

Determination - dedication - discipline - confidence

Outstanding defensive effort - Spectacular offense

The season suffered a setback when Townville dropped a non-league encounter to Northwestern of Erie county in its opening game. Luck changed for them though when the Eagles broke open a close game with Venango Christian by scoring 24 points in the final period. This victory carried over when Townville, hindered by injuries, bombasted Conneaut Valley in their second league game. The Eagles then shook off the effects of a week long flu plague and crusted Union City on the loser's gridiron. Townville climbed upward when they posted a rewarding victory over Saegertown and moved into the lead. After this, Townville boosted its CCL record to 4-0 when they destroyed Randolph. The big showdown came when Townville completely dominated favored Youngsville with a wild second half rally, and almost certainly would clinch the league title. THS, then exploded for 4 TD's in a 9 minute stretch, rolled over Cambridge and claimed the CCL championship. Coach Hilbert commented, "All year long it has been a team effort. The boys

have worked hard, the school has backed us, and the community has been behind us all the way. I'm appreciative for all the help and backing we have received."

Pride, Dedication, and Desire best describe this year's Senior Football Players. They had the pride and the heart it took to get out there on the field and get the job done. They were dedicated to their sport and to themselves to make this year, 1970, a championship year. They had the desire to reach the top where they could prove themselves men. These were our Seniors ... gone but never forgotten.

Junior High Football

Junior High football is the preparatory stage for all sports-minded boys with a desire to someday be a varsity player. They put forth a tremendous effort for the little glory and recognition they receive when awards are passed out, but you can bet that they'll keep on trying.

Varsity Basketball

Our 1970-71 Varsity Basketball Players were a real team. They worked together as a unit; always seeking the top together. They were unselfish, determined, and proud to wear the blue and gold. These players were fast, aggressive, and known for their quick response to their fighting instinct. No one player ever stood alone ... they were a team. It was this attitude, of team first individual second, that made our squad one of which we were proud.

Volleyball

Volleyball was invented in 1895 by William G. Morgan, Phys. Ed. Director for the Holyoke, Mass., YMCA. Since this development for general exercise, it has become a highly competitive sport. Power-volleyball was discovered at Townville in 1961. Since that time a tradition of producing champions has prevailed at THS. Our players have developed the correct technique and skills which result in victory and the 1971 team is no exception in carrying on the tradition.

Track

Speed, agility, and coordination may be the main factor in track, but no boy is dropped from track for lack of ability. Track is an individual sport, and equal time is given to all boys, not just those who are blessed with exceptional ability. One main drawback at Townville is that there is no track. By the time the boys are meeting their potential the session is over. However, the track program has been growing, and hopefully this problem and any other will be alleviated in the future.

Skiing

Frozen fingers, twisted ankles, shattered skulls these are just a few of the gifts given by tree limbs, snow mounds and hidden rocks which the members of our ski club often encounter. However, their spirits are high and they brave the wind and cold week after week. So, if you really want to go downhill - join the schussboomers.

Girls' Sports

Who says it's a man's world? Townville's females don't need a women's liberation group to prove that they, too can excel in sports. Although a fairly new organization, Townville should be proud of the record these girls have made. Next year an even better season is anticipated.

Eagles

Youngsville

Crushed in

2nd Half

Townville took over sole possession of first place in Crawford County League last night, crushing favored Youngsville 48-26 with a wild second half rally.

The Eagles, coached by D. Gilbert, trailed 20-18 at the half but overran the fading Warrentons after making several defensive adjustments in the second stanza.

Drawing praise for offensive efforts were Townville's M. Hoepfl who tallied three touchdowns and racked up 145 yards rushing, Karl Kolacek who had 14 carries and one touchdown scamper, and Bill Titus who scored a pair of TD's.

The Eagles piled up 450 yards of offense with center B. Richard, tackle John Miller, fullback Leri and the backfield members looking great in their blocking assignments.

The entire Townville defense was superb in the second half when it limited the visitors to 100 yards rushing. Pa. stingy Eagles were taken in by Miller, end Bill Proper, linebackers, Brad Phillips and Ron Hill. The defense stopped three Youngsville aerial attacks, two by Bill Titus and one by Leri.

Underdog Townville stunned visitors by jumping off to a 12-0 lead on a 50-yard drive by Bill Titus and a TD game.

Townville Romps 36-8

The game had been postponed last week's inclement weather, but the Eagles of each Denny Patton could've cared less as they parlayed an extremely hot shooting effort into their sixth win in seven

percentage any of my teams have ever hit. After an evenly-played stanza, the Cardinals had only a real chance to tie the quarter, 30-22, Cochran

Townville's bulldozed to a 38-11 victory over visiting Section 1 Rocky Grove last night.

The Heavyweight High's wrestling team won its third win in four matches by being back just before the Hoepfl score in the third period for Youngsville.

Huge Crowd The crowd, estimated at between 2,500 and 3,000 was as a rule very orderly. This scribe arrived on the scene at 7:45, at 127. The main bout of the evening saw Keith Vantassel of Townville upset unbeaten Don Hunsicker of Wattsburg by a 12-7 decision.

This writer visited the Townville lockerroom about an hour prior to gametime. There was none of the usual laughing and joking, none of the normal horseplay which schoolboy athletes engage in. The boys had determination on their faces. The entire

Maturity is the most serious step forward.

Trying to capture the life and mood of any learning institution is a formidable task. Everyone has opposing viewpoints as to what should be included in a complete cross section of the student body. Despite these differences of opinion the staff has been able to compromise. Memories 1971 is our effort to portray Townville High School.

We feel that the work we have done has been worthwhile. We have tried to use the most recent ideas in design and layout. Most important of all we have attempted to select photographs of a profound and interesting nature. Although the staff has worked with meticulous care, mistakes can occur. I take full responsibility for any errors.
